

Krieg & Fischer Ingenieure GmbH is an engineering company operating worldwide with a focus on the design and construction of biogas plants. The company has many years of experience in the field of biogas technology.

As soon as possible, we are looking for our Göttingen office

## **Working student (m/f/d) in the fields of renewable energies, process, energy, environmental or civil engineering**

to support our project management in the field of biogas plant planning.

### **What you can expect from us:**

Extensive and varied activities to support our engineers by performing tasks such as managing and processing data, assisting in the preparation of planning documents and drawings, preparing, and evaluating quotations, and research work. Working students are given the opportunity to gain a wide range of insights at our company. In addition, we offer the opportunity for bachelor's/master's theses as well as internships.

### **What you bring with you:**

- ✓ You are studying one of the above-mentioned or comparable subjects
- ✓ Interest in practice-oriented work
- ✓ Basic knowledge of biogas plants is an advantage
- ✓ Stylish written and spoken German, good English skills are an advantage
- ✓ Basic knowledge of common PC programs (MS Office)
- ✓ Experience with technical drawings and corresponding software (e.g., CAD tools) is an advantage, but not a prerequisite
- ✓ Independent and structured way of working

### **We offer you:**

- ✓ Cooperation in a technically competent, diverse team, which cooperates successfully with a lot of joy and commitment
- ✓ Versatile, creative activities and interesting projects in the field of biogas plants
- ✓ Flat structures with room to maneuver and personal responsibility A modern working environment with flexible working hours
